# About us

The Care Company probably the leading private care provider in the Axarquia área

Our nursing team is able to provide all levels of care for people in their own homes.

From care staff to nurses and private doctors  
We work in tandem with the public health system.  
We can provide private cover for those not in the system and provide hourly visits, half days up to 24 hr live in care.

**Our services include:**

- Light household chores and duties
- Assisting you with social activities
- Cooking/ Nutrition
- Administration of the house hold including bills,
- Doctor & Hospital appointments
- Promoting and administering medication
- Health and Hygiene
- Specialist Care for complex conditions
